For The Daniels Corporation (Daniels) each new home community is a work of art -- literally. From conception through to completion, every Daniels neighborhood is designed to enhance its surroundings, the community and to make a statement about its unique character. Daniels has pioneered a new approach to décor and art focused on sourcing local art for each of our new buildings. Within each project Daniels looks to source a wide range of art forms from paintings to photography to sculptures and beyond. This addition of striking local art through community engagement has quickly become a cornerstone of the company's design philosophy.

The community is located at the southwest corner of Eglinton Avenue West and Erin Mills Parkway. A 15-storey modern condominium in the beautiful master-planned, multi-generational Daniels Erin Mills community, The Kith is thoughtfully designed to create meaningful connections between people and spaces. Residents will appreciate indoor and outdoor lifestyle amenities to socialize, play and celebrate an active way of life.
